H5386_2020 SHC SUMMARY OF BENEFITS

Which doctors, hospitals and pharmacies can I use?

Sharp Health Plan (HMO) has a network of doctors, hospitals, pharmacies and other providers. If you use the providers that are not in our network, the plan may not pay for these services.

Some services may require prior authorization and may require a referral from your PCP.

You must generally use network pharmacies to fill your prescriptions for covered Part D drugs.

- You can see the complete plan provider and pharmacy directory on our website at sharpmedicareadvantage.com/findadoctor, or call us for more information.

How will I determine my drug costs?

Our plan groups each medication into one of six “tiers.” You will use the Sharp Health Plan formulary to determine the tier your drug is on and the associated cost. The amount you pay depends on the drug’s tier and the pharmacy you use. The amount you pay also depends on the benefit stage you are in: Initial Coverage, Coverage Gap and Catastrophic Coverage. Plans may offer supplemental benefits in addition to Part C benefits and Part D benefits.

- You can see the complete plan formulary (list of Part D prescription drugs) and the Evidence of Coverage on our website at sharpmedicareadvantage.com/druglist, or call us for more information.

If you want to know more about the coverage and costs of Original Medicare, look in your current “Medicare & You” handbook. View it online at <http://www.medicare.gov> or get a copy by calling 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week. TTY/TDD users should call 1-877-486-2048.

This information is not a complete description of benefits. Contact the plan for more information.

Sharp Health Plan is an HMO plan with a Medicare contract. Enrollment in Sharp Health Plan depends on contract renewal.

Coverage Gap

Most Medicare drug plans have a coverage gap (also called the donut hole). This means that there is a temporary change in what you will pay for your prescription drugs. The coverage gap begins after the total yearly drug cost (including what our plan has paid and what you have paid) reaches \$4,020.

After you enter the coverage gap, you pay 25% of the plan's cost for covered brand name drugs and 25% of the plan's cost for covered generic drugs until your costs total \$6,350, which is the end of the coverage gap. Not everyone will enter the coverage gap.

Catastrophic Coverage

After your yearly out-of-pocket prescription drug costs (including drugs purchased through your retail pharmacy and through mail order) reach \$6,350, you pay the greater of:

- 5% of the cost, or
- \$3.60 copay for generic (including brand drugs treated as generic) and an \$8.95 copay for all other Part D drugs
