Delta Dental Medicare Advantage plans

We offer supplemental dental plans through Delta Dental®* for members enrolled in our eligible Medicare plans and who choose this additional benefit.

Delta Dental DHMO

Delta Dental DHMO enrollees **must select a dentist** from the directory of participating providers in the DeltaCare USA Medicare network. You can change your selected dentist at any time through your online account or by contacting Delta Dental.

Delta Dental Medicare Advantage PPO™

Delta Dental PPO (preferred provider organization) enrollees have the option to see any dentist, but choosing a non-participating provider may increase your out-of-pocket costs.

For both plans, you can find a participating dentist, view benefit information, and request a new ID card via Delta Dental's website: **sharpmedicareadvantage.com/deltadental**.

Questions and support

For more information, contact Delta Dental at 1-800-390-3368. TTY users call 711. Their interactive voice response system is available 24/7. You may speak to a Customer Service Representative during their hours of operation:
